New Impervious Area	Applicant must provide	Review Fee
1,000 - 5,000 square feet	Small Project SWM Application (Appendix B) <sup>3</sup>	\$50.00
> 5,000 square feet	Rate Controls, Volume Controls & SWM Site Plan	\$150.00

**Use the following guide to determine the total amount of impervious area related to new construction.**

Per Clarion County's Act 167 Stormwater Management Ordinance, a stormwater management plan is required whenever more than 5,000 square feet of impervious surface is proposed. Impervious surfaces are areas that prevent the infiltration of water into the

ground and shall include, but not be limited to, roofs, patios, garages, storage sheds and similar structures, and any new driveways, streets or sidewalks.
